DEATH OF DR. CHRISTIANI
The Well-Known Druggist Sudden Victim of Heart Disease.
One of the Pioneers in Local Pharmacy—He Enjoyed General Esteem and Confidence.
Dr. Carl Johan Kaspar Christiani, the well-known druggist, doing business for the last forty-two years at 484 Pennsylvania avenue, died at 7:30 o'clock this morning.
Dr. Christiani had been in excellent health until the last few months. He suffered from the grip last fall, and since then, for the first time in his life, had suffered from heart trouble. His family did not regard his illness as serious, however, and he would at times into his store and prescribe for himself. At 7 o'clock this morning he arose when he felt a return of his heart trouble and went down stairs, his home being above the store. He was heard to fall, and when members of his family reached him he was dead.

The Bereaved Family.
He leaves a widow and son, the latter being Carl Antoine Christiani, who is attending the Bethel Military Academy at Warrenton, Va., and who was in this city when his father died, having come home to attend the peace jubilee. A stepson, Joseph De Silver, is a medical student at the University of Pennsylvania. Dr. Theodore Christiani, the druggist who is in business at the corner of 7th and M streets, is a brother of the deceased. Dr. Christiani was a member of the Masonic order. No funeral arrangements had been made today.

AGAINST MR. ROBERTS
The Presbyterian General Assembly Places Itself on Record.
Wants Anti-Polygamy Clause in Constitution—Dr. McGiffert's Case Referred to New York.
MINNEAPOLIS, Minn., May 26.—There were many vacant seats in the Presbyterian general assembly today in consequence of reaction from the excitement of yesterday's debate on the McGiffert case. After an exchange of greetings with the general synod of the Reformed Church at Tiffin, Ohio, a report from the committee on bills and overtures was read. Indorsement and commendation of the Brotherhood of Andrew and Phillip were recommended. In the matter of numerous overtures in favor of changing the method of appointing committees it was recommended that a committee of four ministers and three elders be appointed to consider the matter and report to the next assembly. Resolutions against Congressman Brigham H. Roberts of Utah, and in favor of anti-polygamy amendment to the national Constitution were introduced. The report of the committee was adopted.

AWARD OF PRIZES.
Fortunate Ones at the Revelries at Convention Hall.
Great interest was felt in the decisions of the judges who were selected to award prizes for the most attractive costumes and dresses at the revelries last night. The first prize, a handsome toilet set, for the best dressed lady, was awarded to Mrs. Thomas C. Noyes; the second, also a toilet set, to Miss Saldee Drown, and the third, a manure set, to Miss Elsie B. Anderson. The prizes for best dressed gentlemen were awarded, respectively, to E. Danenhower, Tod Sypher and Vivian Everett, each receiving a toilet set.
For the most unique costume the first prize, a silver punch bowl, was awarded to Mrs. Charles M. Hines, who appeared in a Chinese lady, Madame Fee, in an exquisite costume recently brought from the flowery kingdom. The second prize, a cut glass water bottle, was awarded to Miss D. E. Oliver, who impersonated the Queen of Poken, in a costume covered with cards. The third prize, a silver loving cup, was awarded to the Three Marauders, young men dressed as cowboys.
A handsome punch bowl was given to a company of zouaves dressed in the garb of Arab patrols, as the first prize for the best group, the second prize, a loving cup, being awarded to the ladies and gentlemen who presented the tableau "Puritans and Pilgrims."

The Nineteenth Street Extension.
The jury appointed to value required property and to assess damages and benefits incident to the projected widening and improvement of 19th street extended has concluded its labors and submitted its verdict. It is understood that the allowance for land and improvements taken on the west side of that thoroughfare required for widening it, from Florida avenue and Columbia road, amounted in the aggregate to \$28,048.51. For consequence to property on that side of the street the award was \$3,142.50, making a total of \$31,191.01. Of this amount the District funds are to pay one-half, or \$15,595.51, the other portion being provided by benefits assessed on property adjacent to the contemplated improvement.
Whether or not the verdict will be accepted as satisfactory by all the parties in interest, and finally confirmed, remains to be seen. The members of the jury, it will be remembered, were Messrs. S. H. Kauffmann, Lewis J. Davis, Isadore Saks, Thomas Hyde, J. Maury Dove, Henry F. Blount and Charles Worthington.

"Yes, Eddie was slightly wounded in the first fight. We have a letter from the regimental surgeon to Miss D. E. Oliver."
"Where was he wounded?"
"We are not quite sure. The surgeon mentioned the place, but we don't know whether it was anatomical phrase or a Filipino town."—Cleveland Plain Dealer.

Old and New Business Methods.
From the New York Tribune.
Captain F. F. Vandegrift of Pittsburgh, who was formerly a prominent figure in the Standard Oil Company, and who is still, although retired from active life, a large stockholder in that and numerous other corporations, is staying at the Hotel Imperial. Captain Vandegrift does not like modern business methods.
"I have been practically out of it," he said, "for ten years, and in that length of time the business world has grown away from me entirely. They don't think any more of \$1,000,000 now than we did of a \$10 bill when I was a young man. I don't know what all these trusts, with capitalizations of \$50,000,000 and \$100,000,000, are coming to. It seems almost certain that they will be brought up with a round turn one of these days. Of course, I realize that the country never was as prosperous as it is today, and in a condition to offer so many corporations, but I believe that the country never was so plain watered stock is not good, and it is plain to be seen that more than 50 per cent of the stock of half the trusts organized in the last few months is water.
Take, for instance, this steel trust, capitalized at hundreds of millions. I wonder how many people realize what a tremendous amount of money that is? The corporation themselves, I don't believe, could form any idea of it. Well, it goes without saying that the trust does not represent these hundreds of millions or anything like the amount. It is this watered stock which will prove the ruin of a large percentage of other new corporations. Trusts are a good thing if they are working on an honest business basis. They are a saving to the manufacturers, and don't raise the prices."
